A BIT ABOUT THE HISTORY OF EASTHAM

Welcome to our town! Eastham is located on the lower part of the Cape, bounded by Cape Cod Bay to the West and the Atlantic Ocean to the East.

Eastham was settled in 1644 by Pilgrims who had been dissatisfied with the poor soil and small land grants accorded them in the colony of Plymouth, across the bay. Before Eastham became an established town in 1651, it had been part of the Nauset Indian Territory. We have many streets and ponds named after prominent Chiefs of the Territory.

"First Encounter Beach" on the bayside was so named for a hunting expedition made up of men from the Mayflower — their sturdy ship had dropped anchor in Cape Cod Bay, and as the men came ashore they first encountered Indians. Fortunately it was a friendly meeting!

As one drives through Eastham (on Route 6), the Grist Mill is much in evidence directly across from the Town Hall. Built around 1793 in Plymouth, it had been ferried across the bay to Provincetown and finally arrived in Eastham in the 1800s. Today it is the oldest wind-driven grist mill on the Cape. In a small cemetery not far from the Grist Mill, called the Cove Cemetery, three of the original Mayflower passengers are buried.

A third of Eastham is "the gate" to the National Seashore — which was created in the 1960s to protect the coastline from random construction and to preserve its dunes and shores from wind and surf erosion. Where the National Seashore's Visitor Center now stands, with its magnificent view of the Salt Pond below and the Atlantic Ocean beyond, once had been an eighteen hole golf course. The beautiful view must have been a bit of a distraction to the players! *

Just opposite the Visitor Center is the Old Schoolhouse Museum. Dating back to 1869, it had been a one-room schoolhouse for the town of Eastham, with one entrance for the boys and one entrance for the girls. Painted yellow, it is very easily seen and outside the school a pair of whale jawbones prominently displayed, huge and white in color, seem to be on guard.

Eastham is fortunate in having two ocean beaches, Coast Guard Beach and Nauset Light Beach. Located adjacent to the beach is the Nauset Lighthouse, sister to the lighthouse in Chatham. This one, dismantled in Chatham and rebuilt in 1923 at Nauset Beach, is a favorite of photographers.

One of Eastham's earlier prominent residents was Edward Penniman, captain of several whaling vessels. He'd put to sea at an early age, but upon retirement returned to Eastham. In 1876 he built a massive yellow Victorian house on a knoll overlooking the Atlantic Ocean in the Fort Hill section of Eastham. This area is now included in the National Seashore and many of the artifacts Penniman brought for his home are now on display at the Visitor Center Museum.

Eastham enjoyed an incidental "claim to fame" from the ending of the 19th century until the 1920s, as "The Asparagus Capital." Its sandy fields provided excellent growing conditions for crops to be sent to markets in Boston and New York.

Hopefully this brief historical account of Eastham will give you a favorable impression of our interesting town.

WINDMILL WEEKEND

Windmill Weekend 1990' will be the thirteenth year for this town-wide celebration. It began with a small group of local people who planned a few events, including a mini-parade, for the weekend after Labor Day and has grown into a full-scale celebration featuring many different categories of events for all ages and interests.

Weekend events include a Craft Fair by Eastham craft people, a Sand Art Competition, Saturday night Square Dance and Superstar competitions for children and adults. A popular event the past few years has been The Great Tricycle Race. Various musical groups volunteer their time and talents to provide entertainment throughout the celebration which is centered at the Windmill Green.

One or two persons are chosen by the Windmill Weekend Committee each year as honorees to ride in Sunday's parade and to be further recognized at the Community Cookout. These are persons who have given unselfishly of their time and talents to benefit the town of Eastham.

A spectacular Sunday parade stretching from Massasoit Road to the Visitors Center features numerous floats planned and completed by individuals, clubs and local businesses. Festivities conclude late Sunday afternoon with a Community Cookout, where families bring their own food and members of the Fire and Police Association build the fire and do the cooking. The program comes to an end with the drawing and awarding of raffle prizes.

The entire weekend of events is planned by a committee of volunteers. Funding is obtained from proceeds of the raffle, with prizes provided by local businesses, professional people, and the Windmill Weekend Committee. New members are always welcome, contact Chairman Ken Lewis—255-9440.

EASTHAM COUNCIL ON AGING

The Council on Aging in Eastham represents all residents who are at least 59 years old, which is approximately 1,800 persons at this time. This department of town government operates from the Senior Center building on Nauset Road Monday through Friday from 8 a.m. to 4 p.m.

The Council on Aging is a service and advocacy agency providing the following: health clinics, congregate and home-delivered meals, exercise opportunities, legal and financial advice, arts and crafts sessions, health insurance counseling, and outreach. The Council also operates a social day center (Lower Cape Adult Day Center) on the ground level of its building Monday through Thursday 8:30 a.m. to 2:30 p.m. New clients are always welcome.

Bayside LOBSTER & HUTT

COMMERCIAL ST., WELLFLEET

On the road to Wellfleet Harbor, in an old white shingled oyster shack, a daily lobster feast takes place amidst tanks marked "see 'em swim." Devoted patrons, who are convinced the best lobster feast is eaten in the rough, help themselves to seafood cooked clambake-style.

In addition to lobsters there are also steamers, corn on the cob and other fresh seafood dinners and daily specials: baked, fried

and broiled. There is also a Salad Bar/Raw Bar and we make our own clam chowder. The restaurant operates self-service and is strictly informal. There is no liquor license, but you are welcome to bring your favorite beer or wine.

The 'Lobster Hutt' is a local Wellfleet institution, popular because the seafood is fresh from the Cape waters and the prices are always reasonable.

A VISIT TO GIGI POTTERY

If you turn off the road on Route 6, North Eastham near the Wellfleet line at the red and white Pottery sign, and drive down Gigi Lane for about 100 yards, you will be richly rewarded for your adventurous spirit. You will find yourself at Gigi Pottery where you are warmly welcomed by artist-potter Bernie Epstein, who is also part philosopher, teacher, chemist, geologist, and friend. Bernie will invite you to look around, touch, and ask questions. Time appears to stand still as Epstein quietly and determinedly plies his millennium-old craft in a carefree ambience of clay, utensils, pots, and glazes.

On a recent visit to Gigi Pottery, Bernie was found carefully carving imported bamboo handles for a freshly fired tea pot. Within a few minutes a car with four children and two adults drove up to the workshop. As soon as Epstein saw the children his eyes lit up, the pottery wheel began to spin, and a lump of clay almost magically became a graceful vase as the children watched spellbound.

A look around the pottery shop reveals a charming variety of pottery... all shapes, sizes, colors and prices. Casseroles, mugs, honey jars, pie plates, chowder bowls, goblets, pitchers, planters, mirrors, clocks, candelabras, and sculptures artfully line the shelves, walls, and entrance way of Gigi Pottery.

Epstein explained that all of his pottery is made of either stoneware or porcelain. Porcelain is a pure white clay that has not been mixed with minerals, whereas stoneware is a variety of clay and minerals.

Epstein is especially proud of his "Chinese red" glazes for which he is well known off Cape Cod as well as on Cape.

As Epstein was explaining how he combines Nauset Beach sand and decomposed granite with his clay to obtain special effects, another car pulled up and a young couple greeted Bernie with a warm, "Hello, we have come back to see your watercolors." They walked out of the shop with their purchases of a painting and mugs, and a farewell of, "See you again next year... we wouldn't leave the Cape without a visit to Gigi Pottery."

THE CAPE COD BIKE TRAIL

The Cape Cod Bike Trail provides an opportunity for bicyclists and hikers to enjoy a very special encounter with Cape Cod's charm and beauty. The Trail follows the route of the old Penn Central Railway tracks. Today the tracks and ties are gone, but the remarkably picturesque scenery remains.

Within and around the Trail are heavily wooded forests, lakes and quiet kettle ponds; salt marshes, winding creeks and sandy beaches. Just off the Trail side trips offer ocean beaches and fishing piers, country stores and quaint villages; parks, picnic areas, places to lodge and places to dine. Whether you are walking or biking, the Trail is an enjoyable and fulfilling way to experience Cape Cod at its very best.

THE EASTHAM WINDMILL

*"Back of the loaf is the snowy flour,
And back of the flour the mill,
And back of the mill is the wheat and the shower,
And the sun and the Father's will."*

Maltbie Davenport Babcock

To the early settlers all over New England mills were of great importance. This was especially true on Cape Cod, known for many years as the "breadbasket of Plimoth." Tide mills, water mills and, in particular, wind mills proliferated on Cape Cod. Millwrights were scarce and records of their work scarcer yet. The first known wind mill was built in Watertown in the 1630s, a post mill, it was moved to Boston neck after only a few years. Eastham's windmill is a smock mill of an English/French style most probably built by Thomas Paine (of Eastham) in the early 1680s. He was active at that period, building mills in Barnstable, Sandwich, Eastham and other parts. Our mill is believed by local legend to have been built in Plymouth at that time and subsequently moved to Truro (1770s) and once again in 1793 to Eastham. Ed Milliken, who did extensive restoration in the 1960s found evidence that the mill has indeed been dismantled twice. Local legend in Plymouth refers to a mill on "Mill Hill" being moved to the outer Cape. Deyo's history, mostly oral history, referred to it as being built in Provincetown in 1776 and then moved to Eastham. A noted English expert on windmills, Rex Wailes, reported it as being built in Brewster and moved. Both are probably partly wrong, Deyo by confusing Truro and Provincetown and Wailes who probably confused the Eastham mill with Hopkins' Mill, a post mill still in existence as a dwelling in South Orleans, built in Orleans, moved to Brewster and then back to Orleans again.

The mill was moved to its present site about 1808 when the miller, Seth Knowles or his family, sold the land by the Salt Pond where the mill was located and removed the mill, without dismantling it, to its present site. As a comment, the Eastham Windmill is the only Cape Cod windmill still on a working site, the others all having been moved in order to preserve them. The windmill green was where local farmers came for grist and meal and whatever local gossip or news was to be had. Today's visitors get gossip, news and stories — and we hope to provide the meal as well as the gossip this year as our renovation is completed. With loving care the old mill will provide a focus for many more generations of Eastham people and their visitors. Open 10 a.m.-5 p.m. in the summer.

THE EASTHAM HISTORICAL SOCIETY

Eastham is one of the oldest towns in the Commonwealth. Three 'Old Comers', or passengers on the Mayflower, were among its earliest families. With its long and varied history, it is only natural that many Eastham citizens would be interested in preserving that history and its artifacts.

The Eastham Historical Society was founded in 1953 with the above objectives. Since then, the Society has acquired many historically important collections through the generosity of Eastham's citizens and visitors. The collections are housed in two charming structures—The Swift-Daley House (ca. 1741) and the Old Schoolhouse (ca. 1869). Both buildings are open to the public during the summer months. There is a small entrance fee for non-members. The only requirement for membership is an interest in the aims of the Society.

The Swift-Daley House is located on Route 6 (next to the Post Office). Its bowed roof is typical of early houses built by ship's carpenters. The wide board floors, wood panelling, deep kitchen fireplace, parlor fireplaces, narrow stairways and other features are typical of the time it was built in the 18th century. The house is completely furnished, and its collections include examples of period clothing, china, Indian artifacts, quilts and household equipment. It is open during July and August, Monday through Friday from 1:30 to 5:00 p.m.

Our other Museum is housed in a one-room Schoolhouse, built in 1869 and the remaining one of three schoolhouses consolidated on that site in 1906. It served the town until 1936. In subsequent years it was abandoned and in disrepair until rescued by the Historical Society and restored through the hard work of Society members and others. The museum displays objects from various facets of the town's history including farming, shipwrecks, the Life Saving Service, the school and daily life in the town. The Museum hours are 1:30-5:00 p.m. Monday through Friday during July and August.

The Society conducts an active year-round program—a summer book sale, an Antique show, an annual reunion of graduates of the old Schoolhouse, a Christmas sing on the Windmill Green (co-sponsored with the Friends of the Eastham Public Library), a bi-monthly, lecture series, and a quarterly newsletter.

Publications include the Cape Cod Library of History and Genealogy, Alice Lowe's history of Eastham and two Cemetery Books which give a complete, indexed listing of all the graves in Eastham's four cemeteries—Evergreen, Congregational and Soldiers, Bridge Road and Cove Burying Ground.

Membership applications (\$5/year, \$7/year family) may be obtained by writing to Box 8, Eastham, MA 02642, or by calling 255-1649.

EASTHAM LIBRARY

We're now into the second year with the new library and continue to be more than pleased with all aspects of its design, both functional and aesthetic. Circulation of materials has increased 30% over the same time period last year.

Every room and service is being used — it is wonderful to see so much activity and to see the books and other materials circulating at such a great rate.

Our collection of books includes both current and older fiction and non-fiction, books about Cape Cod, a good genealogical research section, a Large Print section, a Reference section, and an excellent children's collection. In addition to books, we have an increasing collection of audio and video cassettes, a small section of CDs, and puzzles. Our users have responded enthusiastically to our ever-growing services to the extent that we have one of the highest per capita circulations on the Cape.

This year marks the beginning of the 16th year of continuous service to the town by Assistants Grace Davis and Martie Johnston, and by our librarian, Jane Eldridge. Fran McLoughlin is our able Assistant Librarian. Others on the staff are Helen Mourton, technical services; Millie Hartgering and Katie McCloskey. Linda Barnard resigned in November — she will be missed. In addition to our paid staff we have a loyal corps of volunteers who have, over the years, graced the library with their various capabilities and helped make this a real community library.

Melville continues to enhance the library with his majestic presence. He, along with the staff and volunteers look forward to seeing old friends and welcoming new ones to the library. We are located west of the windmill on Samoset Road and our phone number is 255-3070.

CAPE COD BASEBALL LEAGUE ORLEANS CARDINALS

"Aside from the free admission, there are other signs that the 103 year old Cape Cod League, the oldest amateur baseball league in the country, is really a Norman Rockwell painting come to life."

—*The Philadelphia Inquirer*, August, 1988

The Cape Cod Baseball League is a 10 team loop sanctioned by the NCAA and funded in part by major league baseball, which provides professional baseball with a showcase of top college baseball players who aspire to professional careers. The past season saw one in eight major league players as graduates of the Cape League, which is the heaviest scouted league in the country. Cape graduates include such luminaries as Roger Clemens, Chris Sabo, Carleton Fisk, Ron Darling, Thurman Munson, Steve Balboni and a host of others.

Eastham residents and visitors are major supporters of the Orleans Cardinals. Games are played at Eldredge Park (Route 28 by the Middle School in Orleans) starting at 7 p.m.; the season runs from mid-June to mid-August, with an All-Star Game in the middle and playoffs at the end. The ballpark boasts a lovely setting with 4 levels of grassy terraces for blankets, pillows or folding chairs, raffles for the kids, live organ music and top-notch baseball.

The Cardinals also conduct a daily morning clinic (weekly duration) during the season for all boys and girls to age 13 with instructions by Cardinal coaches and players. (Details at the ballpark.)

A free Cardinal Guidebook, with schedules, is available at the Eastham Information Booth and at the ballpark. See a Cardinal game for "the most enjoyable and least expensive family entertainment on the Cape."

The Eastham Forum citizen's advocacy group began in 1984 and now has a membership of 550. Its goals of preservation and enhancement of the quality of life in Eastham are promoted consistently through the encouragement of positive action and involvement by citizens in town issues and government. Activities involve education, research, and information through public meetings, newsletters, publication of hearing, and positive, organized action. The Forum also advocates involvement in Cape-wide and regional groups and issues. For membership information, write Eastham Forum, P.O.Box 516, Eastham, MA 02642

EASTHAM NON-RESIDENT TAXPAYERS ASSOCIATION, INC.

The Eastham Non-Resident Taxpayers Association was organized over 35 years ago and incorporated in 1973. The purpose of the Association is "to work for the betterment of the whole community of the Town of Eastham" while attempting to keep its membership informed on what is happening in Eastham, particularly during the off-season when its membership is off-Cape.

The membership this past year totalled 636 families. The group is governed by an Executive Committee composed of the officers and members of the Board of Directors. The Committee meets several times during the summer and on occasion during the off-season.

The major operation during the winter months is to provide the membership with newsletters while holding at least two membership meetings during the summer. It is during these summer meetings that we make it possible for our members who may be on Cape to meet with our selectmen and for the selectmen to recognize that the group speaks for so many of the non-resident taxpayers. This is just about the only voice the non-resident taxpayers have as we are unable to vote in spite of the fact that we do pay an estimated 70 percent of the operating cost of running the town.

Among the concerns of the group of recent date have been water quality, zoning by-law changes, proposed golf course, traffic, landfill problems and those concerning the trash transfer station and SEMASS, the building moratorium, bike path extension, Horton property purchase and Brackett Road development.

All non-resident taxpayers in the Town of Eastham are invited to join us. The annual dues are \$5.00 per family and contact may be made by writing us at P.O. Box 772, Eastham, MA 02642.

THE CAPE COD NATIONAL SEASHORE

President John F. Kennedy signed a bill on August 7, 1961 making the Cape Cod National Seashore a reality. The Seashore includes approximately 27,000 acres of uplands in six towns—Chatham, Orleans, EASTHAM, Wellfleet, Truro and Provincetown. The work of the Cape Cod National Seashore involves conservation and preservation of the magnificent natural surroundings of the Cape as well as highlighting certain natural and historical sites for the enjoyment of visitors. The Cape Cod National Seashore offers visitors approximately 30 miles of the finest seashore on the Atlantic Coast.

SALT POND VISITOR CENTER, Eastham, located off Route 6, is the nucleus of the National Seashore and offers an orientation film, exhibits on Cape Cod human and natural history and a bookstore. For current information call: 255-3421.

A Variety of Unique Features of the Seashore Includes:

Walking—Self-guiding trails include Nauset Marsh, Buttonbush (special text in braille), Fort Hill (a favorite for bird watchers and nature photographers) and the Red Maple Swamp. Park trails in several locations have been surfaced to accommodate wheelchairs. These include the Doane Rock area which contains a ½ mile loop trail and accessible restroom and picnic sites.

Biking—A beautiful bike path from the Salt Pond Visitor Center directly to Coastguard Beach.

Historic Features—Penniman House, Indian Rock, Doane Homesite and Nauset Light.

Overlooks—Fort Hill, Salt Pond Visitor Center and Nauset Light Beach.

BEACHES—Coastguard Beach—off Route 6 at the Salt Pond Visitor Center—follow Nauset Road and Doane Road to the beach. (Parking during the summer season is nearby the beach and accessible via shuttle bus, trail or bike.) **Nauset Light Beach**—off Route 6, turn right onto Brackett Road and follow Cable Road to the beach. Both have swimming areas with lifeguards on duty during the summer season.

Programs—Day and evening programs are available in the summer and on a reduced schedule the remaining part of the year at the Salt Pond Visitor Center.

Many park facilities and services are accessible to disabled visitors.

THE SALT POND VISITOR CENTER MUSEUM

The Salt Pond Visitor Center, located within the boundaries of The National Seashore, contains an interesting and newly renovated Museum. It opened to the public on July 4, 1989 and has drawn three to four thousand visitors a day during this past season.

Within the Museum, with it's climate control equipment, capsules or islands depict themes of Cape Cod history: the whaling industry offers pictures of the huge animals and the ships that sought them out. The Salt Works shows how and where they existed. The still active cranberry growing industry is pictured.

One of the artifacts is a fascinating display of Scrimshaw. Do you know what a Scrim-shander is? He is a person who carves on whale teeth and walrus tusks. Ships and mermaids may be seen carved with exquisite detail.

One of the capsules features a local hero, Edward Penniman, captain of several whaling ships. He put to sea at an early age, and when he retired returned to Eastham and built a large home in the Fort Hill section. Of particular note is a journal kept by the Captain's wife, Betsy Penniman. She accompanied him on many of his expeditions and wrote of many of their adventures. The journal is dated October 12, 1864-68. Mrs. Penniman's collection of fine porcelain is featured among other items brought from their home at Fort Hill.

The Museum has seasonal hours: summer 9:00 to 6:00 PM, spring and fall 9:00 to 5:00 PM, after Columbus Day through December 9:00 to 4:30 PM. The Museum is closed during January and February and re-opens in March.
